No joke! Arcata Marsh Interpretive Center gets a 3 kW solar electric system!

WHO: CITY OF ARCATA

WHAT: RIBBON CUTTING CEREMONY FOR NEW PHOTOVOLTAIC SYSTEM

WHEN: TUESDAY, APRIL 1ST, 11 A.M.

WHERE: ARCATA MARSH INTERPRETIVE CENTER

WHY: TO AVOID NEARLY 2000 LBS OF CO₂ EMISSIONS ANNUALLY

The City of Arcata will be celebrating Fossil Fool day with a ribbon-cutting ceremony at the Arcata Marsh Interpretive Center. Come join us at 11 a.m. to support the City's continuing commitment to developing renewable energy. The new solar system will cover all electricity usage at the facility, proving that users of the Marsh are no fossil fools! The photovoltaic system will help the City avoid almost 2000 lbs of greenhouse gas emissions annually, helping our community to combat the growing global warming crisis.

Rain or shine, we hope to see you there.
